SUMMARY

Results-driven tech expert with over 3 years of experience in the tech industry, leveraging expertise in programming (HTML, CSS, JavaScript, Reactjs, Node.js), digital content creation (photo editing, cartoon animation, video editing), and exceptional interpersonal skills to deliver high-quality solutions. With experience spanning multiple roles, including computer operations and front-end web development, I excel in fast-paced environments, prioritizing tasks to meet deadlines and exceed expectations. Passionate about harnessing technology to drive innovation and growth.
